ORIENTATION PROGRAMME

Pre KG-10th

S.V.E.I. Public School, Mysuru, recently hosted an orientation program for parents of students from Pre-KG to Class 10 on Saturday May 24, 2025 at 10 am in the CBSE auditorium, aimed to provide a comprehensive introduction to the school's policies, procedures and expectations.

The program commenced with an invocation by the students, setting a positive tone for the event. Smt. P.G Savitha, Vice Principal delivered a warm welcome speech followed by Smt. R Padmapriya, HM High school who provided instructions to parents on various aspects of school life. Smt. S Jasmine Louise, HM, Nursery and Primary section further elaborated on the school's policies and expectations.

Principal, Mr. Sreehari G Kodakkat addressed the gathering, sharing his vision and goals for the school. He discussed the school's academic programs, extracurricular activities and support services available for students.

The program concluded with a vote of thanks by Smt. Chitra B.S who expressed gratitude to the parents for their participation. Smt. Mahalakshmi anchored the event, ensuring a smooth and engaging experience for all attendees.

The program served as an excellent opportunity for parents to familiarize themselves with the school's environment.

With the resounding success of the orientation program S.V.E.I. public school, Mysuru is well prepared to support its students in achieving academic excellence.

Marking a Milestone: Aksharabhayasam Held on May 31st

Our school recently celebrated the Aksharabhayasam ceremony, on May 31st, a traditional Hindu ritual marking a child's formal initiation into learning. The event was a resounding success, filled with blessings and eager anticipation among young minds embarking on their educational journey.

The Significance of Aksharabhayasam

Aksharabhayasam, also known as Vidyarambham, is a significant ceremony in Hindu tradition that introduces children to the world of letters and knowledge. It is believed to invoke the blessings of deities like Goddess Saraswati (the goddess of knowledge) and Lord Ganesha (the remover of obstacles), ensuring a smooth and successful academic journey for the child. This ceremony symbolises the formal beginning of a child's education, paving the way for a bright future filled with wisdom and learning.

Event Highlights:

- Date: May 31st
- Conducted by: Veda Brahma Sri Darshan Shastry
- Location: School Auditorium

The Ceremony

The Aksharabhayasam ceremony began with traditional prayers and hymns, creating a serene spiritual atmosphere. Veda Brahma Sri Darshan Shastry, Associate Professor - Dept. of Management Sciences, MIT, Mysuru, expertly conducted the rituals, guiding the children as they wrote their first letters on a bed of rice. Parents and teachers offered their blessings, wishing the children a bright and prosperous future in their academic pursuits. The air was filled with excitement as the young ones eagerly participated, marking a memorable and auspicious start to their education.

Words from Veda Brahma Sri Darshan Shastry

Veda Brahma Sri Darshan Shastry emphasized the importance of education in shaping the future of the children and the nation. He highlighted the values of dedication, perseverance, and a thirst for knowledge, encouraging the children to embrace learning with enthusiasm and curiosity. His insightful words resonated with the audience, inspiring both parents and students alike.

The Aksharabhayasam ceremony was a truly memorable occasion, filled with tradition, blessings, and the promise of a bright future for our young learners. We extend our heartfelt gratitude to Veda Brahma Sri Darshan Shastry for gracing the event with his presence and wisdom, and to all the parents, teachers, and students who contributed to making it a resounding success.

STUDENT COUNCIL ELECTION *Success!*

Our School conducted the student council election on May 30, 2025, providing a valuable opportunity for students to showcase their leadership skills.

Congratulations to the 24 elected students who will hold various posts and lead the school.

#FUTURE OF AI IN INDIA

ARTIFICIAL INTELLIGENCE (AI) IS TRANSFORMING ECONOMIES AND INDUSTRIES WORLDWIDE, PRESENTING AN UNPARALLELED OPPORTUNITY FOR INDIA TO ADDRESS SYSTEMIC CHALLENGES AND ACHIEVE INCLUSIVE GROWTH.

With the potential to contribute \$500 billion to the economy by 2025, AI stands to revolutionize key sectors such as agriculture, health-care, urban planning and manufacturing.

However, realizing this promise requires not only technological advancements but also robust frameworks and equitable access to resources.

The AI for India 2030 initiative, co-hosted by the Ministry of Electronics and Information Technology of India, the Office of the Principal Scientific Adviser to the Government of India, Nasscom and the World Economic Forum's Centre for the Fourth Industrial Revolution, India (C4IR India), provides a structured approach to integrating AI across India's socio-economic fabric.

LAUNCHED IN ALIGNMENT WITH THE INDIA AI MISSION IN JANUARY 2024, THE INITIATIVE EMPHASIZES ETHICAL, INCLUSIVE AND RESPONSIBLE AI ADOPTION TO POSITION INDIA AS A GLOBAL LEADER IN AI INNOVATION.

INDIA-PAKISTAN CONFLICT MAY 2025

A BRIEF BUT INTENSE CONFLICT BROKE OUT BETWEEN INDIA AND PAKISTAN IN MAY 2025. IT BEGAN AFTER A TERRORIST ATTACK IN PAHALGAM, JAMMU AND KASHMIR, ON APRIL 22, WHICH KILLED 26 CIVILIANS. THE GROUP RESPONSIBLE IS BELIEVED TO HAVE LINKS TO PAKISTAN.

IN RESPONSE, INDIA LAUNCHED OPERATION SINDOOR ON MAY 7, TARGETING TERRORIST CAMPS IN PAKISTAN-ADMINISTERED KASHMIR. THIS LED TO CROSS-BORDER CLASHES, INCLUDING HEAVY SHELLING AND THE FIRST USE OF ARMED DRONES BETWEEN THE TWO COUNTRIES.

PAKISTAN RESPONDED WITH ITS OWN MILITARY ACTION, BUT THE SITUATION WAS BROUGHT UNDER CONTROL BY MAY 10 THROUGH INTERNATIONAL DIPLOMACY AND PRESSURE FROM COUNTRIES LIKE THE UNITED STATES.

ALTHOUGH INDIA WAS SUCCESSFUL IN ITS MILITARY RESPONSE, SOME EXPERTS BELIEVE THAT IT DIDN'T COMMUNICATE ITS ACTIONS EFFECTIVELY ON THE GLOBAL STAGE, LOSING CONTROL OF THE INTERNATIONAL NARRATIVE.

SUGAR BOARD IN SCHOOL

केन्द्रीय माध्यमिक शिक्षा बोर्ड

(शिक्षा मंत्रालय, भारत सरकार के अधीन एक स्वायत्त संगठन)

CENTRAL BOARD OF SECONDARY EDUCATION

(An Autonomous Organisation Under the Ministry of Education, Govt. of India)

CBSE/ACAD/DS(MS)/2025

Date: 14.05.2025
Circular No: Acad-26/2025

All the Heads of Schools affiliated to CBSE

Subject: Establishing 'Sugar Boards' in Schools to Monitor and Reduce Sugar Intake Among Children – reg.

Dear Principal

National Commission for Protection of Child Rights (NCPCR) is a statutory body formed under section (3) of the Commission for Protection of Child Rights (CPCR) Act, 2005 (No.4 of 2006) to ensure that rights of the children are protected especially those who are most vulnerable and marginalized.

Over the past decade, there has been a significant increase in Type 2 diabetes among children, a condition once primarily seen in adults. This alarming trend is largely attributed to high sugar intake, often due to the easy availability of sugary snacks, beverages, and processed foods within school environments. The excessive consumption of sugar not only increases the risk of diabetes but also contributes to obesity, dental problems, and other metabolic disorders, ultimately impacting children's long-term health and academic performance. Studies indicate that sugar constitutes 13% of daily calorie intake for children aged 4 to 10 years, and 15% for those aged 11 to 18 years, substantially exceeding the recommended limit of 5%. The proliferation of sugary snacks, beverages, and processed foods, often readily available in school environments, contributes significantly to this excessive intake.

In view of above, all schools are requested to:

1. Establish 'Sugar Boards' where information is displayed for educating students about the risks of excessive sugar intake. These boards should provide essential information, including the recommended daily sugar intake, the sugar content in commonly consumed foods (unhealthy meals such as junk food, cold drinks, etc.), health risks associated with high sugar consumption, and healthier dietary alternatives. This will educate students about informed food choices and promote long-term health benefits among students.
2. Organize awareness seminars/ workshops in this regard.

A brief report of the above and few photographs may be uploaded by the schools at the following link, in pdf format, on or before 15th July 2025:

<https://shorturl.at/E3kKc>

In view of above, you are requested to do the needful in this regard so as to promote a healthier school environment and safeguarding the well-being of children.

With best wishes

Dr. Praggya M Singh
Director (Academics)

THE CENTRAL BOARD OF SECONDARY EDUCATION (CBSE) HAS EXPRESSED CONCERN OVER THE RAPIDLY INCREASING DIABETES AMONG SCHOOLCHILDREN AND ASKED THE SCHOOLS TO SET UP 'SUGAR BOARDS' TO EDUCATE STUDENTS OVER THE RISKS OF EXCESSIVE SUGAR INTAKE.

IN A CIRCULAR ISSUED ON WEDNESDAY, MAY 14, THE CBSE HAS DIRECTED THAT THE SUGAR BOARDS SHOULD PROVIDE ESSENTIAL INFORMATION, INCLUDING THE RECOMMENDED DAILY SUGAR INTAKE, THE SUGAR CONTENT IN COMMONLY CONSUMED FOODS (UNHEALTHY MEALS SUCH AS JUNK FOOD, COLD DRINKS, ETC.), HEALTH RISKS ASSOCIATED WITH HIGH SUGAR CONSUMPTION, AND HEALTHIER DIETARY ALTERNATIVES.
